

The Basic Knowledge of Population and the Family Planning

1. What are the minimum marriage ages for male and female under the Marriage Law of our country?

Answer: Male must not younger than 22 years old and Female must not younger than 20 years old.

2. What is the Early Marriage and Early Birth-giving? Are the Early Marriage and Early Birth-giving illegal? Will they be punished?

Answer: A male who is married before reaching 22 years old and a female who is married before reach to 20 years old are considered the Early Marriage. If there is an Early Marriage and then having baby is considered Early Birth-giving. The Early Marriage and Early Birth-giving are illegal and will be punished.

3. What are the Late Marriage and Late Birth-giving?

Answer: Any male who are 25 years old or above and any female who are 23 years old or above are considered having a Late Marriage. Woman getting pregnant and giving birth after a late marriage (23 years and 9 months old or above) or women giving birth who are 24 years old or above is consider having a Late Birth-giving.

4. What procedure is needed to get married? Why?

Answer: The couple needs to register their marriage to make it legal and can be protected by the law.

5. Can women carelessly take medicine, drink alcohol or smoke cigarette while during the pregnancy?

Answer: No. Because it will make the baby deformed and with low IQ.

6. What is the best food for an infant?

Answer: Breast milk (Mother's milk)

7. Can cousins marry? Why?

Answer: No. Because marriage between close relatives might produce deformed children.

8. When are the best time and what documents needed to register the infant?

Answer: After the babies were born and within one month, you have to bring the Family Planning Certificate and Birth Certificate to Local Police's Station in order to get registered.

9. Under the regulation of our province, what contraceptive measure needs to be taken after giving birth to one child and what measure needs to be taken after giving birth to two children?

Answer: After one child, one has to get IUD insertion and after two children, one has to be sterilized.

10. Under the regulation of our province, how many children is a rural couple allowed to have?

Answer: Can not have any more children if first baby is a boy. If first baby is a girl, then have to wait four years, woman must reach 25 years old or above in order to get a permit for a rural couple to have one more child.
